BUSY SESSION OF CHAMBER OF COMMERCE HELD

There was much healthy discussion which resulted in great benefit to Daytona Beach and Seabreeze at the special meeting of the Board of Directors of the Chamber of Commerce, held in the offices of Secretary R. L. Selden Thursday evening.

Besides the secretary, there were present President Guy G. Bailey, H. S. Schulte, H. R. Schulte, A. Vandevord, Rex Graves and D. B. Brinson of the board, besides C. E. Bostwick and F. S. Ramsey from among the active business men much interested in the welfare of the community.

It was decided that the proposed advertising booklet to be sent broadcast throughout the country, in which the beauties, attractions and advantages of the beach towns will be displayed in story and pictures be written out at once. For the first time this work will be done in the office of the Chamber of Commerce.

It was also decided that the Chamber of Commerce will be given a special cover, containing the names and business card of each of the active members. These business cards will also have their names and business incorporated in the directory, which is to form a part of the book, without cost. The charge for the insertion of a name in the directory to those not subscribing for book copies will be \$25 per name. It is believed this method of advertising these places as all year round resorts will prove very effective.

How to collect the necessary funds to pay for the new electric plan was another subject that was generally discussed. It was finally decided to have a committee collect the amount from the public spirited citizens of the two towns. For this purpose the following committee was appointed by the chair: Fred S. Ramsey, E. B. Parker, J. S. Barbe and A. W. Shaw.

Other methods of bringing the attention of the people of other parts of the country were also considered.

Considerable time was taken up in the transaction of routine matters as some bills had to be passed on and other business looked after that had been delayed from other meetings.

It was the unanimous feeling of all those present that the drive for new membership and the collection of past due fees should be pushed with all possible haste. Another important meeting of the board will be held on the first Thursday evening in December. The members present were very generous in expressing words of praise for the valuable publicity being given the towns by the Daily News.

FRUITENE CO. WILL ERECT A FACTORY SOON

On Thursday evening was held a special meeting of the officers and directors of the Fruitene Manufacturing company.

It was decided to raise the capital stock of the corporation from \$30,000 to \$100,000.

It was also voted to at once begin the construction of a building to be used both for offices and as a manufacturing home for the industry. This new building is to be 110 feet long and 62 feet wide and is to be constructed of cement and brick, and will be located on the south side of Duke street near Atlantic avenue.

The construction will be under the direction of J. L. Wilcox, one of the stockholders in the company. The material will be secured and the ground broke for the structure as soon as possible. It is the intention to have the new plant ready for use by the first week in February. It was also decided to order at once the necessary modern machinery to extract from oranges, lemons, grapefruit and all citrus fruit the essential oils they contain. It will be arranged to have the new machinery here and ready for installation by the time the permanent home of the plant is completed.

When asked with regard to the latest plans of the corporation, President Eugene C. Miller said:

"We have increased our capital stock because we had so many calls for our stock under the former capitalization that we were unable to accommodate many who desired to become interested. We have decided to invade the northern market also, and it will require more funds for advertising and traveling salesmen to make the showing up there that we have in mind. When we got started in our new building we will employ from 50 to 60 people besides our office force and traveling salesmen. Our new building will probably cost upwards of \$1,000. We had offerings from Orlando, Deland and other towns to locate our permanent plant elsewhere, but as about all of our stockholders have interests here we concluded to build here. Among those who attended the meeting were President Eugene C. Miller, Vice President James W. Hall, Secretary and Treasurer Mrs. Nettie Wilcox and J. L. Wilcox.

Mrs. Lora L. Selden, formerly of Goshalia, N. Y., mother of Judge R. L. Selden, has sold the Atlantic apartments on Grandview avenue, near Duke street, to James C. Young.

PROMINENT CITIZENS OF ROCHESTER, N. Y. BUY IN SCHULTE PARK

H. B. Schulte, the head of the leading real estate and insurance firm bearing his name, says while weather conditions during the early part of the past week were somewhat of a handicap, he has found business in his firm's Daytona and Daytona Beach-Seabreeze offices increasing far beyond his expectations.

The really sales alone have been even greater than those handled during the week previous, several extensive purchases in Schulte Park, as well as other parts of this vicinity having been made through the Schulte firm.

Dr. D. D. Erway, who has for 35 years been one of the best known physicians and a large property owner in Rochester, N. Y., has purchased a beautiful home site.

Dr. Erway is planning for a beautiful home in Schulte Park, the new peninsula residential subdivision, and has taken a temporary location so as to be able to keep in personal touch with the proprietors of the grounds and the construction of his home.

E. C. Wise, another prominent resident of the Flower City and a friend of Dr. Erway's, was a Friday purchaser of a home site.

Messrs. Erway and Wise are very enthusiastic as to the possibilities of this part of Florida and from belief in the rapid growth and expansion of the Triple Cities.

Mr. Schulte also reports a heavy turnover of his listings. This, however, has only spurred his organization to increased efforts to obtain more really livable and rentable properties of the type handled by the H. B. Schulte Co. and so the number of desirable places they have on file is even larger than at the beginning of the past week.

A statement of this kind, coming from one of the leading realty men in this section, certainly shows the possibilities open in this part of the South to the right kind of business men from any part of the country.

FORCED TO SHIP THEIR PLANES HOME BY FREIGHT
 Capt. A. H. Gillespie and Lieut. B. T. Castor had more trouble with their aeroplanes Thursday and were unable to get off for Carlstrom Field as expected. When they were already to go the machine they had repaired worked all right, but the other one, the one operated by Captain Gillespie, would not work to quit them. So they were obliged to ship this plane by freight, which detained them here another day. Some of the crew will now be obliged to wait until another one comes to get them.

FIND REMAINS OF ELEPHANT
 WEST PALM BEACH, Nov. 29.—A most unusual find has been unearthed 10 miles west of this city by J. F. Carlyle of 313 Rosemary street. Several perfectly petrified bones of what appears to be the remains of an elephant are now in Mr. Carlyle's yard. The head is quite complete and shows the upper and lower jaw and the tongue. The groove on the upper side of the upper jaw indicates that the trunk or "snout" which marks an elephant was once there.

Small white shells and sand unites to the bones, and the lime is believed to be responsible for the excellent state of preservation. Among the collection are pieces of the skull of what appears to be two different elephants or at least mastodons. There is a rib about three feet long, a complete hip joint, a tooth, small vertebrae and the femoral bone of a leg which is broken and shows the marrow.

MAYOR RAMSEY IS IN FAVOR OF COMBINING

Mayor I. W. Ramsey, of Seabreeze, says that while the action of the council of his town regarding co-operation in a joint fire fighting machine was more or less discouraging, "I am still hoping that the two towns will soon come to an amicable understanding as to all public matters and thoroughly for the welfare of all without regard to any imaginary lines supposed to divide the two places."

"At one time," continued Mayor Ramsey, "I felt sure we would get together on a right kind of a basis. That was when Robert S. Holmes, who is in the habit of proposing and doing good things for all the people about here, proposed a plan which provided a perfectly fair way in which to fix the name of the combined municipality—by popular vote. To my great surprise and disappointment, however, this very commendable plan failed in accomplishment."

"Many of our citizens do not seem to realize what such a consideration would mean to us all, whether we happen to live on one side or the other of the municipal line. I happen to know that there are men of wealth who are staunch friends of both places who stand ready to render most generous and substantial aid to a single city, but who do not feel justified in loosening their purse-strings to so great an extent if the towns are to remain separate and continue to disagree and quarrel about every public question that comes up, big or little. I feel and know that those who oppose co-operation and consolidation are making a serious mistake as they are keeping both towns from much valuable assistance that would otherwise be ours to enjoy and use for our material, intellectual and moral benefit."

As I said before, I shall live in hopes that every public spirited citizen of both these towns will soon realize what is for the community's best good.

DR. CHAS. CLARK IS COMING TO AUDITORIUM

In the opinion of Robert S. Holmes, who previously knows as much about the merits of forum attractions as any man in the country, one of the worthwhile features at the Auditorium entertainment will be the address of Charles Upson Clark on "The Last Word Concerning Man," which will be delivered on Sunday afternoon, February 11th.

Dr. Clark was for 15 years a member of the faculty of Yale college, and from 1914 on was professor of the school of classical studies of the American Academy in Rome. He recently resigned from his duties there to re-enter the lecture field and resume directing the Massachusetts summer school, which he established at North Hatley, Quebec, in 1916. During the war he made himself heard in endeavoring to make America understand that the Italian race was a vital one and that Italy, untried, was playing a heroic part in the world struggle. For his one, aggressive service at that time the American Academy at Rome granted him a second year's leave of absence, and with the aid of the Italian government spent the entire summer visiting all of the Italian cities. This necessitated trips in the fighting line extending from the lower Po river up to the Alps, also to the Italian front in France as well as to the Albanian and Macedonian fronts and Salonika, the scenes of the recent great advances, the cause of Bulgaria's defeat.

With the unusual material he has been able to acquire and his broad knowledge and various experiences, Dr. Clark's new lecture, should be one of the literary and historical events of the season. On his return he also stopped in Spain to investigate the conditions in this troubled country, and being a student of Latin countries he was there enabled to see much and learn much that will go to make his lecture more interesting and instructive.

In company with Secretary Gull-Junga and Lord Methuen, the governor-general of Malta, Mr. Clark was entertained by King Victor Emmanuel, the Duke of Anjou, General Diaz and the Prince of Wales. He was also through the famous air raid of August 25 at Padua, and under shell the bomb of the time at the front. Mr. Clark is described as a speaker of excellent voice, delightful personality and has the rare gift of convincing an audience of the sincerity of his statements and the value of his opinions.

Mrs. Flora Odom, mother of E. A. Odom, the celebrated pianist, has come to her old home at Park View. Mr. Odom is expected to spend a few weeks.

T. W. Danks and Frank Wilson have come to Daytona to spend a week hunting and fishing. They will look after some camp during their stay.

Joseph Green and Russell Thomas have arrived from Seabreeze. They will have taken advantage of a vacation at the Atlantic hotel.

Thursday morning a splendid party consisting of William Wilcox, E. B. Parker, James Ramsey, William B. Oehler and K. J. Carlyle left for a week's trip to multiple points. They expect to be located near Seabreeze.

F. A. Davis, who has been here for the past week or two, Wednesday evening met E. V. Bostwick receiving his check, money which had been taken. Mr. Bostwick said he got the check from a man who had a good gun, from William Bostwick, and had been in Seabreeze. Mr. Davis, white, said the money was had a warrant against him for debt, and in order to give him a check to explain it, he got the check. Marshall Young turned it over to the chief of police at Daytona for record.

(United Press.) WASHINGTON, Nov. 20.—A billion dollar tariff is to be the aim of Republicans when the new administration comes into power in March, leaders indicated today. Senator Curtis, Republican, said he believed one billion dollars can be realized from tariff, thus increasing tariffs by \$700,000. If this is possible he said a two billion dollar income from other sources would meet the needs of the government. Senator Curtis predicted that imposing taxes on articles such as apparel, drinks and other articles commonly used would be simplified.

Peter B. Dobbins and Mrs. Kate Kitchell, Life Long Residents of Daytona Answer Last Call

Daytona has lost two of her pioneer settlers, in the deaths today of Peter B. Dobbins of Daytona Beach and Mrs. Kate Kitchell, formerly of this city, who died in Miami, and will be buried here Sunday.

Mr. Dobbins was one of the oldest residents of this vicinity, having come to Daytona in 1859, and having been, in former years, most active in the upbuilding of this city.

He was a member of the board of directors of Daytona, when the city was named after Mr. Day, the founder. He at one time owned the Mrs. Mary Wilder Huston property on So. Beach street and Live Oak avenue, which Joseph J. Paris purchased this week. Later he homesteaded a tract well known, south of the city, as the Capt. Young place, and for many years has resided on the Maley road just south of the Daytona Beach limits on the peninsula.

His wife, who predeceased him was a daughter of J. H. C. Rotenbush who was a wealthy land owner of this community for many years and well known among the older residents.

The late Mr. Dobbins is survived by two sons and two daughters, and quite a number of grandchildren. His son Albert was in the army, and is a painter by trade. He at present is on a hunting trip and efforts are being made to locate him. James, the second son resides in Groton, Conn. Word has been sent him and funeral arrangements are being held in abeyance until word is received from him. Mrs. John Gunn, with whom he lived at the time of his death, is a daughter, also Mrs. O. T. Vordermark of Jacksonville. Mr. and Mrs. Vordermark having left that city this morning to drive here.

The late Mr. Dobbins was 76 years old. He was in apparent good health this morning as he arose. About 9 o'clock this morning, without any warning, he dropped dead, death having apparently been caused by old age.

Mr. Dobbins will be greatly missed especially by the older residents of the city, with whom he was well acquainted. Bingham & Maley are in charge of arrangements which will be announced later. It is expected that he will be buried in Pinewood, the time to be set later.

*Mrs. Kate Kitchell, widow of the late Wm. Kitchell, passed away this week in Miami, the body having been shipped to Daytona today, for burial on Sunday. Mr. and Mrs. Kitchell were residents of Daytona for a great many years, having come here first in 1879. Since her husband's death Mrs. Kitchell, who was 75 years of age, has resided in Miami.

The Kitchells are relatives of the Cornell family of Ormond, and had many friends in this vicinity of the state made during their many years of residence here.

Funeral services will be conducted at Pinewood cemetery, Sunday afternoon at 2:30, Bingham & Maley being in charge of arrangements.

James Gainey Buried Friday night watchman of Daytona, and life long resident of this city, who passed away Thursday, was buried at Pinewood cemetery Friday afternoon services being conducted from the late home on North street by Rev. H. S. Rightmire.

Winter Resident Dies W. H. Gardner, who returned this week from a summer spent, as usual, at Mackinaw Island, brought news of the death of Mrs. Gardner's brother-in-law, W. E. Farmer, who, with his wife, spent last winter in Daytona.

Mr. Farmer who resided in Detroit, was preparing to drive through from his home to Daytona for this winter, and after having every preparation made for the trip here, dropped dead at the wheel of his car while riding near home.

The Farmer's made many friends here last season who will regret to learn the news of his death.

Coroner's Jury Finds Evidence in Killing Case

A coroner's jury, headed by Guy Hurd, acting constable of this district in the absence of T. O. Milton, late last evening reviewed the circumstances of the murder of Arthur Nero, by his wife, Effie, both colored, which occurred early Friday morning, and substantiated by her story, returned a verdict that Arthur Nero came to his death by the hand of Effie, his wife, who stated that, following a quarrel, she picked up an axe and hit him in the head three times. Nero died about 5 o'clock in the afternoon, at the Industrial school hospital, where he was taken following the attack.

Nero, who was well known about town, as having worked at gardening for a number of white families, while he conducted a market in Midway, was said to have been quarreling with his wife for several days, the quarrel being resumed early Friday morning. His wife stated that he pulled out his knife to attack her but did not open it, and turned and went into his bedroom, and while reaching under the bed, supposedly to get his gun, she grabbed the axe and bled it three times in his skull.

She afterwards went to the Western Union office, sent a number of telegrams, and was arrested while on her way, so she said, to the city hall to give herself up.

In the afternoon she was removed from the local jail to the county jail by Sheriff Morris, to await trial in the April term of court.

LARGE BABOON ADOPTS FAMILY OF PUPPIES

It is a well known fact that the ordinary house cat has been known to adopt an entire family of puppies, and on rare occasions a mother dog has reared broods of the jungle variety, but never in the annals of zoology has a member of the monkey family been known to "mother" a family of puppies until Pin, one of the star actresses in Minnie Thompson's troupe of statue canines with the Sparks circus recently gave birth to four healthy English setter puppies.

As it happens, Pin enacts very important roles in the canine drama, and statue numbers presented under the "big top," and during the performances cannot devote much of her time to the babies; therefore, it fell to Miss Thompson to provide an efficient nurse during Pin's trepid duties. Ever since the birth of the youngsters, Joe, a large, good natured baboon of the dog-bark variety, who occupies an adjoining cage in the menagerie, seemed to show an unerring interest in the babies, that finally Miss Thompson carefully approached his cage with one of the fuzzy pups, when, to her surprise, he held out both arms and upon receiving it, immediately began to "coo" in true monkey language and fondle it as only a mother's instinct knows; in fact, he moved to be and an adopt in the role of nurse that the babies quickly adopted him and during Pin's absence in the ring it is one of the daily sights of the Sparks menagerie to see this similar nurse fondling his little charges. Undoubtedly Joe's cage will be the center of attraction for all the kiddies when the circus comes to town. Monday, November 22nd, on the Volusia avenue and Second street grounds.

Many Events of Interest Planned Over Week-End

That Daytona is fast slipping into its winter season stride is evident from the large number of parties and meetings scheduled over the week-end, most of them being of interest to the general public.

The Civic department of the Palmetto club is entertaining a large number of ladies of the Triple Cities this afternoon at a card party at the Palmetto clubhouse, the affairs being held as a benefit to the Civic department.

This evening the Daytona Band will render a free concert at Casino Burgoyne, the second of these delightful concerts being given by the local band boys, which are greatly appreciated.

On Monday evening the Daytona Baseball association will hold their annual meetings, to elect officers and to determine whether or not Daytona will play professional baseball, as a member of the Florida State league next summer. Many fans are expected to attend. The meeting will be held at Casino Burgoyne.

At the same time and place the semi-monthly meeting of the directors of the Daytona Chamber of Commerce will be held, at which the directors especially urge a large attendance of members and the general public.

As a rule few citizens and members attend the directors' meetings, but the directors are desirous that this be not the case, as the meetings are public and of great interest to all members. A large attendance is expected Monday evening, at which time many matters of importance will be discussed by the directors.

SEEK TO SPEED UP MAILS OF MEXICO

(International News Service.) MEXICO CITY, Mexico, Nov. 20.—Mexican postal authorities are co-operating with representatives of the United States post office in an effort to improve the mail service between Mexico and the United States.

The chief difficulty, it is said, is at Laredo. There mail goes to the United States is handled across the international bridge in wagons, causing a great loss of time. It is said that mail is frequently held up for twenty-four hours at the border. This coming into Mexico is delayed by the same system of transfer.

It is proposed to have mail cross the international bridge and go into Mexico and going out.

SUCH IS LIFE

BY G. B. BROWN

There is a certain amount of truth in the saying that life is a series of misadventures. It is a series of ups and downs, of triumphs and defeats, of joys and sorrows. It is a series of experiences that shape our lives and give us meaning.

Life is a journey, and we are all travelers. Some travel in comfort and ease, while others travel in hardship and struggle. But all travel, and all have their own experiences and their own lessons.

Life is a mystery, and we are all explorers. We seek to understand the world around us, and we seek to understand ourselves. We seek to find meaning and purpose in our lives, and we seek to leave a legacy behind us.

Life is a dream, and we are all dreamers. We have dreams and aspirations, and we strive to make them come true. We have hopes and fears, and we live our lives in the balance of hope and fear.

Life is a game, and we are all players. We play the game of life, and we win and lose. We have victories and defeats, and we learn from our experiences. We have joy and sorrow, and we live our lives in the fullness of joy and sorrow.

Life is a story, and we are all authors. We write our own stories, and we live our lives in the pages of our stories. We have chapters and verses, and we live our lives in the fullness of chapters and verses.

Life is a miracle, and we are all witnesses. We witness the wonders of the world around us, and we witness the wonders of ourselves. We witness the beauty and the glory of life, and we live our lives in the fullness of beauty and glory.

Life is a gift, and we are all recipients. We are given the gift of life, and we live our lives in the fullness of the gift. We have the gift of time, and we live our lives in the fullness of time. We have the gift of love, and we live our lives in the fullness of love.

Life is a journey, and we are all travelers. We travel the journey of life, and we live our lives in the fullness of the journey. We have the journey of time, and we live our lives in the fullness of time. We have the journey of love, and we live our lives in the fullness of love.

SUCH IS LIFE

There's absolutely no good reason for failure. Success in any undertaking is to be had for the asking.

Sign your name on the dotted line and "Full particulars will be sent you."

When father was young it was more or less a matter of toll and sacrifice to achieve success.

Now 'tis as easy as falling off a log. Believe you me, all you have to do is to read the latest magazine.

And tear off a handful of coupons. And sign your name several times. And stick a stamp on the envelope. And you have grabbed opportunity by the ears.

If you feel an urge for "leading, power and manliness," tear off this coupon on page 1.

Page 2 presents you with the "magazine of a perfect voice." Sign the coupon below.

Or would you have a most happy marriage? Kindly detach the coupon at bottom of page 4.

A mere matter of tripping your salary can be accomplished by signing the dotted line of page 5.

If you want a complete renewal of nerve-power, get it on page 6.

If you have a desire to be manager of the concern and build yourself to an initial salary of \$12,000 per annum, sign on the dotted line of page 7. You can acquire the secret of making people like you by asking for "full particulars" on page 8.

And you can learn the "secret of drawing in one evening" on the following page.

If you would "breeze ahead in business," fill out a "send me" on page 12.

You can secure of tobacco just as easy as that on another page; while it is a shame to have to "double your strength" on still another page.

You can be a banked, a banker, pull down up by the roots, and stop forgetting on other pages.

It is made very clear to you how easily you may earn money, selling real estate, and making old friends young by "writing today."

By slipping your name to him, you'll make him as strong as Jack Dempsey on one page and a \$10,000 salary on another page.

Nothing could be easier. Why be a failure?

"VARIETY is the secret of mystery," murmured Mrs. Adams, who said this to her son.

To illustrate it in further language, don't be always meeting him with a cutting pin which he always home late. Be versatile. Sometimes be a good, half bad, lot of change of suit, if you be versatile enough to have cool.

"Don't dampen your husband's ardor by declining to go to the theater with him, when he suggests it," murmured Mrs. Ross.

"When he brings home candy and flowers for you, don't tell him that he had better have spent the money on a new pair of shoes for himself."

Here's another brilliant gem of an idea.

"You must be absolutely selfish by spending more money on your own clothes."

In other words: Don't be a tightwad with your husband's money.

GENEVA, Switzerland, Nov. 20.

The rest of the world is completely bewildered by the paradoxical League of Nations League in America.
